<b>07/SENATE/2020/RESOLUTION/09:</b>	
<p>The following points are suggested by the Senate</p> <ul style="list-style-type: none"> <li>- The '0' credit course such as Professional Ethics and Energy and Environmental Engineering should be marked as Satisfactory/Unsatisfactory in the grade cards</li> <li>- Students should complete the Digital System Design course and then take up the Computer Organization and Architecture course. Restructuring is required.</li> <li>- Object Oriented Programming course in Semester II shall be shifted to Semester III.</li> <li>- Students should complete DBMS course and then take up Software Engineering course.</li> <li>- Basics of Electrical and Electronics Engineering course have to be made as 2T +2L.</li> <li>- Artificial Intelligence and Expert Systems course should focus on Artificial Intelligence concepts alone. Expert systems part shall be removed and this course should be placed in Semester V. Also students have to learn Artificial Intelligence course immediately after learning Probability Statistics and Queuing Theory course.</li> <li>- Elective –III shall be moved to Semester VII instead of Semester VI. This reduces the load of Semester VI.</li> <li>- The credit of Python Programming course has to be made as 2T +2L.</li> <li>- Rename the Networks Laboratory in Semester III as Electrical Networks Laboratory.</li> <li>- Change the title of Linear Integrated Circuits to Analog Integrated Circuits.</li> <li>- Rename the Optical and Microwave laboratory in Semester V as Microwave and Optical Communication Laboratory.</li> </ul>
