A. Establishment of the Institute

Indian Institute of Information Technology, Tiruchirappalli (IIITT) is one among the 19 IIITs proposed under the non-profit Public-Private Partnership (PPP) Model by MHRD, Government of India through Act No.74 of 2017. IIITT is an Institute of National Importance and Autonomous Academic Institute funded by Govt. of India, Govt. of Tamil Nadu, and Industry Partners. Industry Partners of IIITT include Tata Consultancy Services (TCS), Cognizant Technology Solutions (CTS), Infosys, Ramco Systems, Electronics Corporation of Tamil Nadu Limited (ELCOT), and Navitas (Take Solutions).

The initial outlay of the project was Rs.128/- Crores of which 50%, 35%, and 15% of share will be borne by the three Stakeholders, viz., the Central Government, State Government (Tamil Nadu), and Industry Partners, respectively.

The Institute was established in the year 2013-14.

B. Mentor Institute

IIITT is being mentored by the National Institute of Technology (NIT) Tiruchirappalli by a communication from MHRD, Govt. of India, since 22, March 2016.

C. Governance

The Director, NIT Tiruchirappalli is the Mentor Director of IIITT. The Registrar, NITT is the Mentor Registrar of IIITT. Further the day to day affairs are being looked after by a Dean who is a Professor in the Department of CSE, NITT (dean-iiits@nitt.edu). One Professor from the Department of Chemistry NITT, is helping the Dean on the affairs of Academic and Administration.

D. Contribution from Stakeholders

The Central Govt. of India has released Rs.9/- Crores for the establishment of the Institute. The Industry Partners ELCOT, Ramco Systems, and TCS have released their 50% share of Rs.5 Crores/-, Rs. One Crore, and Rs. One Crore, respectively.

E. Permanent Campus

The permanent campus of IIITT will be established approximately in 56 acres of land identified in Sethurappatti Village, Srirangam, Taluk, Tiruchirappalli which is 15 Km

away from Tiruchirappalli Junction along the Highway of Tiruchirappalli to Madurai. The land is encroachment free and cleared for construction.

An MoU has been executed with CPWD for carrying out all the construction activities. Work order has been issued to CPWD to survey the land and mark the boundaries with the boundary stones.

As per the guidelines of MHRD, Detailed Project Report / Master plan housing the Academic block, Administrative block, Student Hostel block (Boys & Girls), Faculty Quarters, etc., will be prepared for about 2.5 lakh square feet at the earliest, and work order to commence the construction is expected to be issued by the end of this year.

F. Transit Campus: Sharing Resources of NITT

The Transit Campus of IIITT is functioning within the NIT Tiruchirappalli Campus. The NITT resources, such as Boys and Girls Hostels, Messes, Central Library, Sports facilities, Swimming Pool, Hospital, Bank, Post Office, Canteen, etc., besides the Class rooms, Laboratories, and Central Computing facilities are shared with IIITT.

G. Constitution of Statutory Bodies

The IIITs are governed by the IIIT (PPP mode) Act No.74 of 2017, passed by the Parliament. The IIIT (PPP Mode) Act grants the power to issue Degrees by the IIITs.

The Chairperson and Director of the Institute are to be appointed by MHRD, Govt. of India. The Constitution of other statutory bodies, such as the Senate and Finance Committee, have been constituted. The Building and Works Committee will be constituted on approval of the first statutes of the Institute.

H. Programs Offered

Currently, the institute offers Under Graduate program leading to the B.Tech. degrees in Computer Science and Engineering (CSE) and Electronics and Communication Engineering (ECE) with a reduced strength of 30 in each as against the sanctioned strength of 60. The M.Tech. programs in Computer Science and Engineering (CSE),

Database Systems (DBS), and Software Engineering (SWE) have been suspended temporarily since the Academic Year 2016-17.

Currently 46, 26, 18, 18, 26, and 23 students are pursuing their VI Semester B.Tech. in CSE, ECE, IV Semester B.Tech. in CSE, ECE, II Semester B.Tech. in CSE, and ECE respectively.

Moreover 7, 7, and 6 students have passed out in M.Tech. in CSE, DBS, and SWE respectively during the Year 2016-17.

The GATE qualified candidates are admitted to PG Program through Centralized Counselling for M.Tech. (CCMT) and the JEE qualified candidates are admitted to UG Program through Centralized Seat Allocation Board (CSAB) and Joint Seat Allocation Authority (JoSAA) following the reservation policy of Govt. of India.

Increase in admission percentage of B.Tech. Admission was 40% during 2015-16 when the institute was mentored by erstwhile mentor. Since the NIT has been assigned the mentorship, the admission percentage of students to B.Tech. programs is on the steady increase, viz., 60% and 82% during the Academic Year 2016-17, and 2017-18 respectively. It is expected that during the Academic Year 2018-19, the admission will be 100%.

I. Curriculum

The B.Tech. Curriculum has the following components:

  i. Program Core Courses
 ii. Program Elective courses
iii. Open Elective courses
 iv. Self-Study/ Online Courses
  v. Minor Courses
 vi. Honors Courses
vii. Internship
viii. Project Work

Relative grading is used to assess the performance of the students.

The B.Tech. Curriculum and syllabus is the same as NIT Tiruchirappalli.

J. Conduct of Classes

The Classes are conducted in its Transit Campus (KV building) inside NIT Tiruchirappalli campus sharing the resources such as Class rooms and Laboratories. The institute has appointed 13 faculty members (temporary basis), viz., 7, 5, and one Training and Placement Officer, in the department of CSE, ECE, and Training and placement, respectively. Besides, Faculty of NIT Tiruchirappalli are handling the classes.

The standard of the Question Paper is on par with the standard of NITT. It has been decided as a Policy that under any circumstances the quality of various assessments should not be less than that of NITT. The calendar of IIITT is synchronized with the calendar of NITT to enable the students to participate in the techno, cultural events hosted by the Mentor Institute.

Faculty Development

The following faculty members have enriched their knowledge by attending the Faculty Development Program (FDP):

P.   FELIZ CLUB

FELIZ Club is a student club of volunteers formed to identify the needs of socially weaker sections, such as old age homes, orphanages, etc., and to extend a helping hand to their requirements.

This Feliz Club got formally inaugurated on 07, April, 2017.

IIITT Feliz Club Students activities in HOPE Foundation.

The students of IIIT Tiruchirappalli, Commemorated the celebration of this Republic day on 26-01-2018, joining hands with NIT Tiruchirappalli students by servicing the inmates of the HOPE Worldwide Orphanage, Edamalaipattipudur. They left our campus by bus around 10 a.m. Having reached there, our students handed over the set of greeting cards, specially prepared for the kids. With just a slight peek in the campus, the students went on action and cleared the garbage inside the compound. They also fixed some old computers. The students told the kids some inspiring stories and encouraged them. An on-the-go Volley ball court was set up. The students played with the kids and made them feel comfortable. They had lunch with them. In the evening, the students enthusiastically involved themselves in the gardening activity. By 4 p.m., they reluctantly bid good bye to the kids and reached our campus by 5 p.m.

Q.   Celebration of National Festivals

72nd Independence Day and 69th Republic Day were celebrated jointly with NITT. The Mentor Director-in-Charge Dr. MINI SHAJI THOMAS hosted the National Flag and delivered the Independence Day and Republic Day speeches. The patriotic cultural performance by students along with the performance by the NCC students were witnessed by IIITT students.

R. Placement

The training and placement department has been established.

The advantage of IIITs is that Industry partners are one of the Stakeholders of the Institute. These Industry Partners are willing to offer internships to students during their studies to enrich their programming skills and application of ideas to projects, etc. Students are encouraged to undertake projects in Industries.

The training and placement department has been established with one Training and Placement Officer. The dept now has 3 students who were nominated from 3rd year and 4 students who were nominated from 2nd year to be the representatives of their respective batches. The Dept. of Training and Placement is functioning full-fledged from the month of October 2017. The Department is working towards placing of 72 B.Tech. students who will be in their final year of studies in the coming AY 2018-2019.

Industry Interaction & Guest Lectures:

The T&P department has contacted the Industry Partners to help, coordinate, and arrange for campus placement opportunities to the students. TCS has offered to conduct a series of lectures for the students in emerging trends to keep the students updated. So far, TCS have conducted three lectures with their resource persons who enlightened the students in the topics of Information Security, Agile Technologies, and Software Testing.

Internships:

As part of their curriculum, the third-year students are required to complete an Internship. The T&P dept has prepared an Internship brochure and has been contacting more than 100 companies requesting to offer Internships. Few companies have replied back and the resumes have been forwarded to the recruiters.

Soft skills Training:

The Training & Placement Officer with her experience and competency to impart Soft skills training has devised a detailed curriculum for soft skills. The training program includes all the important components of the placement process that

helps the students hone their skills and get prepared for the placement process. Regular classes have been included in the weekly schedule to train the students in soft skills. The students have been trained in resume writing skills and public speaking. Group Discussions and Mock Interviews are conducted regularly to prepare them to face placements.

Aptitude Training:

The companies usually have an Aptitude test as a first screening process. So, the students have to be essentially trained in Problem Solving, Analytical and Logical Reasoning and Verbal Ability. To realize this, the T&P dept is exploring the possibility of engaging third party professional trainer to train the students in Aptitude testing.

Path forward:

In the beginning of AY 2018-19, 72 B. Tech. students who will be in their final year of studies need to be placed. This is possible only if, the recruiters are aware of the institute and convinced to conduct placements in the institute. The T&P department is preparing a brochure and will be sending it across to the possible recruiters inviting them for placements. Plans are there to call them up individually as well as meet some of them personally and invite them. The dept has made the initial contact by sending them emails about the Institute and have plans to communicate continuously to bring them in for placements.

S. Long Term Strategic Vision

In the long run, the institute will have its full student strength of 1200. As per the GoI policy international students may also be admitted. MoU with Foreign Universities for Faculty Development Programs, Faculty exchange, and Student exchange programs may be signed. A policy for credit transfer from Indian and Foreign institutes may be evolved. Center of Excellences in the state of Art technologies will be established.

T. Short Term Vision:

Infrastructure Development

The action plan for the next five years for Institute development in the permanent campus

includes the construction of following blocks:

- Academic block
    - ∗ Classrooms
    - ∗ Laboratories
    - ∗ Faculty rooms
- Student Hostels block
    - ∗ Boys
    - ∗ Girls
- Administrative block
- Office of Director
- Office of Registrar
- Office of Dean
- Office of Associate Deans
- Training and Placement
- Library

With the objective of developing the infrastructure to house the Academic, Administrative, Students hostels, Library, etc., an MoU has been entrusted with CPWD. Work order has been issued for carrying out surveying, levelling, and marking with boundary stones. The CPWD, on completion of the surveying work, will prepare a Detailed Project Report which will be placed for approval by the BoG.

It is proposed to commence the activities in the Permanent campus from the AY 2021-22.

U.   Prize Winners and Medal Winners

The meritorious students are awarded certificates and Medals every year. As a policy of the Institute, the first, second, and third rank students of V, IV, III, II, and I semester of two UG programs are awarded the Merit Certificates, in this academic year.

In total 33 Merit Certificates are awarded during the AY 2017-18.

V.   Acknowledgment

IIITT acknowledges the help and services rendered by the NITT as the Mentor Institute through its Teaching, Non-Teaching, Administrative, support staffs, HoDs, Deputy

Registrars, Registrar, Associate Deans, and Deans under the dynamic leadership of the Mentor Director, Dr. Mini Shaji Thomas.
